Epson Appointment

Exciting Partnership with EPSON

Epson Singapore, leading manufacturer of 3LCD projectors has appointed PAVE System Pte Ltd as a PEAR Partner for its range of projectors.

This appointment is made as part of Epson's growth strategy for expanding its presence in the corporate environment. As part of the appointment, PAVE is given sub-distribution rights to supply to PAVE's resellers.

As the #1-selling projector manufacturer worldwide; Epson's projectors have outstanding image quality that enhance communication, inspire collaboration, offer a low total cost of ownership and have excellent reliability and service.

PAVE is honored to embark on this new exciting journey with Epson and privileged to represent and support Epson's range of projectors in various applications.

With over 16 years of experience in Audio-Visual system design, implementation and distribution, PAVE has a wealth of knowledge and will be most proud to share with our business partners.
